## Terms of Sale

All bids to be per lot as numbered in the catalogue. The authenticity of the coins is guaranteed by the cataloguers; the description of each item is made with great care. Additional information will be furnished upon request. All claims must be made within two weeks and no lots are returnable except by agreement with one of the cataloguers.

Bidders must have established credit with the cataloguers or send a deposit equal to 25 % of their bids. Such deposits will be promptly refunded if bids are not successful.

No commission will be charged, but postage and insurance will be added to invoice. Remittance must be made promptly after receipt of invoice. A list of prices realized will be sent free of charge to all successful bidders.

The prices are our estimates. The lots may be sold higher or lower according to the bids received. The cataloguers suggest to submit liberal bids. They endeavour to buy for you at the lowest possible price, which means you will get the lot at the usual advance over the next lower bid.

Unlimited bids can not be accepted any more. A collector must place his highest bid for any lot which is urgently wanted. However, the highest bid will be used only to such an extent, as the next highest bid warrants it; as explained in the previous paragraph.

If a bidder wants to limit his purchases to a certain amount, he may say so, indicating first and second choice. Such bids will be executed with care and as the situation warrants.

By sending in a bidsheet, the bidder agrees to the above stated conditions of sale.

The coins are on exhibit from March 17th until the day before the sale at 101 West 55th Street, Apt. 10F, New York, N. Y.

# MAIL BID SALE

---

We are proud to start this sale with a coin which has never before been offered in an American Auction Sale. It is the DEMARETEION, probably the best known and most talked about coin for the last 2431 years.

- \*1 Syracuse/Sicily. Dekadrachm. Struck in 479 B. C. Quadriga walking right; Nike crowning horses; in exergue: lion running r. Rv. Head of Arethusa to right surrounded by four dolphins.

Boehringer: Obv. 191; rev. 265.

Rizzo: Obv. pl. XXXVI.2.; rev. pl. XXXV.1; this specimen listed on pg. 188b.

Condition: Struck on broad flan; slightly oxydized and cleaned; the obverse is "fine," the reverse is "very fine."

Estimated value: Ca. \$5000/6000.00.

This is doubtlessly a commemorative issue, in celebration of Gelon's victory over the Carthaginians in 479 B. C. It seems that this coin was immediately dubbed "Demareteion" (or Demarete coin), as we know from a passage in Diodorus:

"The Carthaginians agreed to pay an indemnity and offered a golden crown to Demarete, the wife of Gelon. For she, when importuned by them, used her influence when the peace terms were drawn up; and having been presented with the crown weighing one hundred gold talents, she struck from it the coin which was named DEMARETEION after her . . ."

(Quoted from Seltman, Greek Coins, pg. 102ff., where this author makes additional interesting comments).

Boehringer, in his book "Die Muenzen von Syrakus" published in 1929, knew of 13 specimens, nine of which were in Public Collections. When Rizzo published his latest book on Sicilian coins in 1946, he had learned of three additional discoveries:

- a.) probably the finest specimen, now in the Museum of Fine Arts, Boston;
- b.) this specimen;
- c.) another, apparently in a private collection.

This specimen comes from the Basel Auction Sale VII, No. 404, in 1948. It was estimated Frs. 25000.00 and sold for Frs. 20000.00.

# *Advance Notice—Coast-to-Coast!*

## **Change of Address**

### **BUT** *No Change of Business*

---

AROUND MAY 1ST, I shall leave New York City and move to Berkeley, California. There in a new home which is now being built for me to house my family, my numismatic library and my stocks of coins, medals and incidental objects d'art, I will continue my numismatic work in my chosen style of doing business. Pricelists and catalogues are always free for the asking; approval shipments to my old customers and to the new who establish references with me; and friendly numismatic service to all.

Mr. Henry Grunthal, who remains in the East, will continue to work with me co-jointly in planning and conducting our Mail Auction Sales. With Mr. Grunthal on the East Coast and myself on the West Coast we hope to be reaching more consignors and collectors across the continent, in Latin America, in Europe and Asia as well. Inquiries will always be welcomed and replied to promptly.

Until the end of April, please address me at 101 West 55th Street, New York, N. Y., and be assured of immediate attention. During the month of May or so, my large library and my vast stock of coins and other numismatic materials will be in the process of being packed and shipped to my new residence. During that time, I hope my friends will bear with me if correspondence takes a little longer than usual. As soon as I am reestablished in Berkeley, I will issue a new announcement to welcome all to visit me, and to continue to give me an opportunity to present again: *Numismatic Fine Arts*.
